EVERYTHING COSMETIC™

My Success Story with Beverly Hills Physicians.com . . .

March 8th 2005

To Dr. Chiu and the entire staff of BHSI, Encino

I had the most amazing experience at your facility back in Nov.2004, I came in for a lyposuction and abdominoplasty procedures. I was one of the first patients to recieve ON-Q the wonderful post-op pain reliver. I had read about it on line and was hoping someone would talk to me about it, right on my surgery day the P.A. asked if I had heard about ON-Q and that I can have it if I wanted. I jumped at the idea little did I know that this little thing in a plastic bottle was going to be vital in my healing process. When I got home from your office I was able to walk around my bedroom immediately, the only thing that made me stay in bed was the muscle relaxers and pain killing pills. I was on my feet most of the time and because of that I was able to recover faster than everyone anticipated. I appologise for not writing sooner to let you and your wonderful staff of proffesionals know how my family and I appreciate your friendship,proffesionalism and the loving welcoming atmosphere you share with all your patients.I would like to say a big thank you to Leah my consultant for her education and information, she made me feel so safe and did not even have time to be scared. I just got back from my vaction to Ghana, West Africa and all my friends and family were amazed to see how beautiful and young my surgery made me look. I am so greatful to you and your entire staff and would like to take this opportunity to say a big thank you to each and every staff for making my consultation, surgery and post surgery experience a memorable one.

Thank you again, I LOVE MY NEW LOOK  
Lots of love and Kisses
