

### My Success Story with Beverly Hills Physicians.com . . .

My experience at BHP was fantastic! I researched the doctor on the internet and I did a lot of reading on Blepharoplasty procedures. Tracy, my surgical consultant was patient with my laundry list of questions! My friendly and confident conversation with Tracy got me pampered for the procedure. All went well! Dr. Hodnett did a fabulous job. I am very happy. My husband loves my new eyes. I love dressing them with make-up! I have gotten a lot of compliments. Thank you! You are all the BEST!
